# Points!!
aka. Foundation Recognition Points (frp’s)

On pages 5 & 6 you will see information titled “Understanding Foundation Recognition Points,” (Rotary publication no. 715).

- What are frp’s, how do I get them
- How do I transfer frp’s
- May a deceased frp’s be transferred
- Who may become a Paul Harris Fellow
- May clubs or districts have frp’s
- How can frp’s increase TRF giving

A best use of points is to match (1:1) outright contributions of Rotarians to the Annual Fund or to PolioPlus.

Another great use is to award a Paul Harris Fellow to a loved family member or to a non-Rotarian who has shown by their life’s actions a dedication to Rotary’s motto “Service Above Self” and the Four Way Test.

Wear your recognition pin with pride as it will influence and inspire others to seek higher levels of giving.

Rotary’s Areas of Focus

Peace & Conflict
Prevention/Resolution

- **100** Peace Fellowships are offered each year at Rotary Peace Centers around the world
- **65** million people are currently displaced by armed conflict or persecution
- **$142** million has been raised by Rotary to support peace
- **1,000** students have graduated from Rotary’s Peace Centers program

Rotary members: 1. Improve quality of life. 2. Raise awareness of bullying. 3. Protect domestic violence survivors and their families.

Disease Prevention & Treatment

- **$65** million in grants was given by Rotary to fight disease
- **99.9%** reduction in polio cases since our program started in 1985

Rotarians: 1. Provide clean water. 2. Reduce HIV infection. 3. End Polio.

Water & Sanitation

- **$24** is all it takes to provide one person with safe water
- **23** million people now have safe water because of Rotary
- **21** million people have access to sanitation and hygiene thanks to Rotary projects
- **2030** is the year Rotary hopes to finish providing everyone with safe water, sanitation, and hygiene

Maternal & Child Health

Nearly 6 million children under the age of five die each year because of malnutrition, poor health care, and inadequate sanitation. We expand access to quality care, so mothers and their children can live and grow stronger.
Rotary’s Areas of Focus

Basic Education & Literacy
More than 775 million people over the age of 15 are illiterate. Our goal is to strengthen the capacity of communities to support basic education and literacy, reduce gender disparity in education, and increase adult literacy.

Rotarians open schools, teach adults to read, and make schools healthy.

Economic & Community Development
We carry out service projects that enhance economic and community development and create opportunities for decent and productive work for young and old. We also strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

Rotary Programs as of June 30, 2017

District Grants: District grants support small-scale, short-term projects related to the Foundation’s mission.

In 2016-17, the Foundation approved 494 district grants, and project awards totaled $25.8 million.

Global Grants: Global grants fund large-scale international activities with sustainable, measurable results that support Rotary’s six areas of focus. Activities include humanitarian projects, scholarships, and vocational training teams.

In 2016-17, the Foundation approved 1,260 global grants, and program awards totaled $72.9 million.

PolioPlus: Since 1985, Rotary members have helped immunize more than 2.5 billion children against polio. As of June 2017, Rotary had committed more than $1.6 billion to global polio eradication, seeking to eliminate the virus in the last three countries where it remains endemic and to ensure that it does not return elsewhere.

In 2016-17, program awards, including PolioPlus Partners grants, totaled $108.3 million.

Rotary Peace Centers: Each year, the Foundation supports the training of peace fellows at six Rotary Peace Centers, where they earn master’s degrees or professional development certificates. Since 2002-03, 1,177 fellows from more than 120 countries have participated.

In 2016-17, 95 fellows from 41 countries began their studies at the Rotary Peace Centers, and program awards for the fellows and centers totaled $4.65 million.

Seven clubs have already satisfied the $100 per capita requirement to continue as STAR CLUBS. Congratulations to leader Willow Springs!

Contributions to The Rotary Foundation make it possible for clubs to transform lives here and worldwide.

One life that is being transformed is that of Rotary Global Grant Scholar Brooke Micke, who is studying for a Master of Science degree in plant science at the University of Edinburgh in Scotland. Brooke was nominated by the Rotary Club of Jefferson City. Brooke’s studies will allow her to acquire knowledge and experience needed to pursue a career in medicinal ethnobotany, which seeks to discover new medicines to prevent and treat diseases. Read her latest report on page 7.

Her scholarship’s value is $40,000. Her tuition alone is $37,000, all payable prior to the beginning of the school year.

We will all be blessed if we do not develop a need for a new medicine in the future but if we do then scholars/eventual researchers and drug development from their laboratories may be our lifesavers.
UNDERSTANDING FOUNDATION RECOGNITION POINTS

What are Foundation recognition points and how can I accumulate them?
Foundation recognition points are awarded to donors who contribute to The Rotary Foundation through the Annual Fund or PolioPlus, or who contribute to sponsorship of a Foundation grant. Donors receive one recognition point for every U.S. dollar contributed to these funds. Contributions to the Endowment Fund are not eligible.

Donors can transfer Foundation recognition points to others to help them qualify as a Paul Harris Fellow or Multiple Paul Harris Fellow. Foundation recognition points belong to the original donor until the donor’s death, unless the points are transferred, or until the donor uses them (the surviving spouse of a Major Donor may also use the points).

How do I transfer Foundation recognition points?
A minimum of 100 Foundation recognition points must be transferred at a time, and you must complete and sign the Recognition and Transfer Request. The points may not be transferred from individuals to a club or district.

- Individual donors are the only ones authorized to transfer recognition points from their individual account.
- Club presidents are the only ones authorized to transfer recognition points from a club account.
- District governors are the only ones authorized to transfer recognition points from a district account.

Can Foundation recognition points of deceased Rotarians be transferred?
No. These points expire unless the deceased Rotarian was a Major Donor, in which case, the spouse/partner maintains control of the Foundation recognition points during his or her lifetime.

Can a business or organization become a Paul Harris Fellow?
No. Only individuals can become Paul Harris Fellows. However, businesses and organizations can receive a Certificate of Appreciation for contributions of $1,000 or more, or transfers of 1,000 points or more.

Can a deceased person become a Paul Harris Fellow?
Yes. A donor can recognize a deceased individual by requesting a Memorial Paul Harris Fellow designation.

Do Foundation recognition points count toward Major Donor recognition?
No. Only cumulative personal outright contributions count toward Major Donor recognition.

How are Foundation recognition points tracked?
Your club and district leaders can view the online Club Recognition Summary, which includes the recognition amount, tally of recognition points, current Paul Harris Fellow level, and date that level was achieved.

Through your My Rotary account, you can view your personal contribution history, recognition amount, and available Foundation recognition points. You can request a copy of your Donor History Report from the Foundation at rotarysupportcenter@rotary.org.
On the Club Recognition Summary, what is the difference between recognition amount and available Foundation recognition points?

Recognition amount reflects the total Paul Harris Fellow recognition you have accumulated through your personal contributions plus all recognition points you’ve been given by other individuals, clubs, or districts. Recognition points given to you don’t count toward Major Donor recognition. The maximum amount that can be shown on the Club Recognition Summary report is 9,000; the “+” sign indicates that the actual amount exceeds the 9,000-point maximum.

Available Foundation recognition points reflects points you have accumulated through personal outright giving to the Foundation. All points listed can be transferred to other individuals for Paul Harris Fellow recognition.

Can clubs or districts accumulate Foundation recognition points?
Yes. Clubs can view their recognition points in the Club Recognition Summary. Districts’ Foundation recognition points are shown in the Donor History Report. Districts may request the report at rotarysupportcenter@rotary.org.

How can I use Foundation recognition points to increase giving to the Foundation?
Matching outright contributions with Foundation recognition points may help your club reach or even surpass its Annual Fund goal, as well as achieve 100% Paul Harris Fellow recognition.

To determine whether your club is close to achieving 100% Paul Harris Fellow status, review the recognition amounts of all Rotarians currently listed as active club members in the Club Recognition Summary.

To determine whether you’re close to achieving your Annual Fund goal, review the Monthly Contribution Report.

What recognition opportunities are available with Foundation recognition points?

<table>
<thead>
<tr>
<th>Paul Harris Fellow</th>
<th>Multiple Paul Harris Fellow</th>
</tr>
</thead>
</table>
| Paul Harris Fellow recognition is extended to any individual who contributes, outright or cumulatively (or in whose name is contributed), $1,000 or more to the Annual Fund or PolioPlus or as sponsorship of a portion of a Foundation grant. The recognition consists of a certificate and pin. In addition, Paul Harris Fellow medallions can be ordered at shop.rotary.org. | Multiple Paul Harris Fellow recognition is extended at subsequent $1,000 levels. Recognition consists of a pin with stones corresponding to the recipient’s recognition amount:

- $2,000 to 2,999.99 - one sapphire
- $3,000 to 3,999.99 - two sapphires
- $4,000 to 4,999.99 - three sapphires
- $5,000 to 5,999.99 - four sapphires
- $6,000 to 6,999.99 - five sapphires
- $7,000 to 7,999.99 - one ruby
- $8,000 to 8,999.99 - two rubies
- $9,000 to 9,999.99 - three rubies |

Certificate of Appreciation
A Certificate of Appreciation is given to a business or organization in whose name a donor contributes $1,000 or more.
Life in Edinburgh has been pretty crazy since my last report, with the semester coming to an end and the start of the holiday season. Unfortunately, I was unable to attend a Rotary meeting this month due to scheduling conflicts with my course. I am hoping to attend a few meetings this coming month, as things should calm down a bit after exam season.

I don’t have much to update everyone on this month, as all of my time has been spent either in class or revising for my exam. Luckily, we only have one exam to revise for this semester, however, it is apparently the most difficult exam of the year. The exam is over the Evolution of Angiosperms module and includes nearly all there is to know about flowering plants. Due to the extreme breadth of knowledge included on this exam, I spent the majority of the past month revising for the exam. The exam was on Dec. 9 and presumably went quite well, although I guess I won’t know for sure until we receive our marks.

Following the exam, I had a free week to spend in Edinburgh before returning to Missouri for the holidays. Christmas is quite the big deal in Edinburgh, as the city has one of the largest Christmas celebrations in the UK. The entire center of Edinburgh is transformed into one large Christmas market, with shops, food stalls, and even amusement park rides. I spent a large portion of my free time taking advantage of such an exciting Christmas display, as we really have nothing like it in the U.S.

I also was able to spend some of my time off hiking through some of the trails around the city. Edinburgh is known for its close connection with nature, as there are several large hills and nature areas just outside the city. Many of you may have heard of Arthur’s Seat, a well-known hill in Edinburgh that is commonly hiked by tourists. I hadn’t had the opportunity to hike Arthur’s Seat previously, so I decided to climb it a few times during my week off. Additionally, I climbed a few of the lesser known hills throughout Edinburgh to take advantage of the nice weather.

I will be returning to Missouri for 10 days starting on Dec. 15, to pass the holidays with my family. I am quite excited to return, even for such a short period of time, to see friends and family and celebrate Christmas with them. I am also quite excited for more daylight, as the days are quite short in Scotland right now.

When I return after the holidays to Edinburgh, two of my best friends from Jefferson City will be visiting me for a week, which is also quite exciting. I can’t wait to show them around the city that I now call home.

After they leave, my course starts back up with a field trip to Colombia for the field work module. We will be traveling around Colombia for two weeks, partaking in field work in various ecosystems found in Colombia. Additionally, I will be able to meet up with Nadine, a Rotary exchange student from Colombia that my family hosted through District 6080 two years ago. All in all, this next month is bound to be quite busy, but also very exciting.

I just want to conclude by saying thank you to all of the Rotarians of District 6080 that are supporting me during this wonderful year and I hope that you all have a lovely holiday!
